ShortlistIQ

Home New drive

Shortlist students with reasons you can show.

Upload your spreadsheet and resumes, set your eligibility rules, and get a ranked list. Rules decide who is eligible. AI only checks how well each resume fits.

Start a new drive

Your files stay in this browser. Only the text of eligible students' resumes goes to Google's free Gemini AI.

Example result, using fake data

Priya Sharma Shortlisted

86

Built a logistics tracker with React and Node.js.

Karan Mehta Eligible

41

Embedded projects. No web framework shown.

Sneha Rao Not eligible

CGPA 6.8 < 7.0

Failed a rule, so the resume is never sent to the AI.

How it works

1. Upload

Add your student spreadsheet and the resume PDFs, named by Student ID.

2. Paste the job description

Gemini suggests the skills. You edit the list.

3. Set the rules

CGPA, branches, backlogs and graduation year. Every failed rule is shown.

4. Review the shortlist

Ranked scores with evidence. Add or remove anyone, then export to Excel.
